

GILBERT YOUTH SPRING BALL

The Gilbert Parks and Recreation Department offers a Youth Spring Ball Program to all boys and girls who are interested in playing the game of softball, baseball or t-ball for the fun of the sport. This is an instructional recreation program that emphasizes fun, skill development, and team unity. There are no tryouts, all-star teams, standings, or post season tournaments. All participants play an equal amount of time and receive a participation award at the end of the season.

TEAM SELECTION

Team selection and placement is done at time of registration. Teams are labeled by school; parents are encouraged to select the school/team your child attends, or the school closest to your home. If the school/team you planned on selecting is full or if your child does not attend any of the schools listed during registration, please select the next closest school to your home. We are unable to accept special requests for team placement. Family and friends wishing to play together should register at the same time and select the same school/team during registration. Some teams may be combined based on participation and location. For liability reasons, we are unable to allow players to play up or down from their age group. We appreciate your understanding.
