TOWN OF GILBERT
Notes to Annual Expenditure Limitation Report
Year Ended June 30, 2015

Note 1 - Summary of Significant Accounting Policies

The Annual Expenditure Limitation Report (AELR) is presented as prescribed by the *Uniform Expenditure Reporting System (UERS)*, as required by Arizona Revised Statutes, section 41-1279.07. The AELR excludes expenditures, expenses, or deductions of certain revenues specified in the Arizona Constitution, Article IX, section 20, from the total expenditures, expenses, or deductions reported in the fund financial statements.

In accordance with the UERS requirements, a note to the AELR is presented below for any exclusion claimed on Part II and each subtraction or addition in the Reconciliation that cannot be traced directly to an amount reported in the fund financial statements. All references to financial statement amounts in the following notes refer to the Statement of Revenues, Expenditures, and Changes in Fund Balances for the Governmental Funds; Statement of Revenues, Expenses, and Changes in Fund Net Position for the Proprietary Funds; Statement of Cash Flows for the Proprietary Funds; and the Statement of Changes in Fiduciary Net Position for the Fiduciary Funds.

Note 2 - Total revenue obligations proceeds in the Governmental Funds were \$39,685,688, which includes premium of \$2,705,688. Of this amount, \$26,742,764 was expended and claimed as an exclusion and the remaining \$12,942,923 is carried forward to future years.

Note 3 - The exclusion claimed for debt service requirements on bonded indebtedness in the Governmental Funds consists of principal retirement of \$23,750,000, interest expense of \$13,107,817, and fiscal and other charges of \$46,783.

The exclusion claimed for debt service requirements on bonded indebtedness in the Enterprise Funds consists of principal and interest payments of \$245,000 and \$4,905,368, respectively.

Note 4 - The exclusion claimed for debt service requirements on other long-term obligations in the Enterprise Funds represents \$5,895,000 of lease payments from the Town to the Municipal Property Corporation (MPC). These lease payments are used by the MPC to make the debt service payments on the bonds issued by the MPC. Because the MPC, a separate legal entity, is reported in the Town's financial statements as a blended component unit in the Enterprise Funds, the lease payments are not reported in the financial statements. The amount excluded as debt service requirements on other long-term obligations is reported in the financial statements as bond payments in the Enterprise Funds.

Note 5 - Total investment earnings in the Governmental Funds was \$1,210,177 of which \$144,565 is nonexcludable and \$8,229 of exclusions were used in the current year. The remaining \$1,057,383 excludable revenue will be carried forward to future years.
