

NOTICE OF INTENT FOR A MINOR AMENDMENT TO THE WATER SYSTEM DEVELOPMENT FEE
INFRASTRUCTURE IMPROVEMENTS PLAN (IIP)

Pursuant to A.R.S § 9-463.05, public notice is hereby given that the Gilbert Town Council will consider a minor amendment to the Infrastructure Improvements Plan (IIP) of the Water System Development Fee study. The proposed amendment would change the location of CIP project WA0880 which is planned to build a new well near Warner and Recker roads. The new location for the well would be at 164th Street and Pecos Road. The project is planned to add the same 2 MGD of water capacity, just at a new location which has been deemed a more viable site. This change would not affect the current SDF fee. The IIP amendment will be considered at the Town Council meeting to be held on Tuesday, November 1, 2022 at 6:30 pm in the Atlas Auditorium in the Public Safety Training Facility, 6860 South Power Road, Gilbert, Arizona 85297.
