- **Introduction of Staff**

- Rocky Brown, Business Operations Manager of Gilbert Parks & Recreation, gave the introductions and conducted the meeting. Also Introduced were Ryan Morasch (Contract Maintenance) and Alex Jones (PKID Administrative Assistant).

- **Welcome to New Resident Attendees**

- **Review of Meeting Process**

- **PKID Definition Overview**

- Rocky briefly described the nature of PKIDs:
  - The acronym
  - How projects are approved and funded
  - Code compliance with the town as the PKID alternative to CC&Rs.
  - The similarities and differences between PKID and HOAs
  - What the town oversees and maintains in the PKIDs

- **Budget Overview**

- Rocky went over how assessments work and how PKIDs, unlike HOAs, are not allowed to bank up money from year to year for projects, crediting it to lower future assessment payments and necessitating projects be paid for in the same fiscal year or be tackled in a series of yearly steps.

- The universal inflation being experienced across the country this year has impacted prices and the residents of Gilbert, particularly water prices. Rocky and Ryan worked to cut spending where possible to minimize the impact on the assessment.
- **Open Discussion Notes:**
  - Colorado River Drought/First-tier water shortage (educational component) declared for Gilbert. Year-round over-seeding of Ornamental grass may be affected if it continues. Smart controllers planned for select installation in the park areas to increase water efficiency.
  - Sidewalk cement slabs have grown disjointed over time and have become tripping hazards, a similar problem to the one mentioned in Templeton. Staff offered to do a site assessment and walk the location, along with asking Public Works Department about the issue..
  - Gilbert 311 phone app proving an excellent resource for reporting PKID neighborhood maintenance issues.
  - Installing sun canopy over the park discussed. Would take some time due to high cost and playground equipment being backordered across the board. Would require town permission to build.
