### RECOMMENDED MOTION

#### AFTER PUBLIC HEARING:

**MOTION TO ADOPT THE FINAL BUDGET OF \$613,291,580 FOR THE JULY 1, 2011 TO JUNE 30, 2012 FISCAL YEAR**

### BACKGROUND/DISCUSSION

The Code of Gilbert charges the Manager with the responsibility of submitting to the Council the annual budget. Arizona communities operate on a July 1 to June 30 Fiscal Year. Budgets must comply with the State Constitution Expenditure Limitation Amendment and be balanced for total sources and uses. The Final Budget may **not** exceed the Preliminary Budget.

The Council adopted the FY 2011-12 Preliminary Budget on May 19, 2011 totaling \$613,291,580. As directed that evening, staff published and provided notice of a final public hearing from June 9, 2011. The preliminary budget information was published in the *Arizona Republic* on May 28, 2011 and June 4, 2011. In addition, the preliminary budget was made available on the Gilbert website, the Southeast Regional Library, and the Perry Branch Library.

Before the Mayor and Council this evening is the Final Budget for the July 1, 2011 to June 30, 2012 Fiscal Year. The total budget is \$613,291,580. Attached to this communication are several documents which represent the financial information with levels of detail. They are:

**Fund Balance Summary** – This two page financial table shows total sources of funds (fund balance, revenues, internal transfers), total uses of funds (personnel, contract, capital outlay, transfers), and an ending fund balance as of June 30, 2012.

**Five Year Financial Plans** – These tables and charts show the individual operating funds and the longer term financial impacts of the forecast revenues, expenditures, and fund balances.

**Revenue Summary & Detail** – These tables provide two years of history, the current year adopted and projected revenues, and the FY2011-12 requested revenue.

**Expenditure Summary & Detail** - These tables provide two years of history, the current year adopted and projected expenses, and the FY2011-12 requested expenditures by cost center.

**Personnel Listing** – This table provides two years of history, the current year adopted and revised staffing levels, and the proposed FY2011-12 authorized position strength.

All of these tables are presented to provide a transparent and comprehensive review of the upcoming year and financial plan.

### **Historic Budget to Actual Results**

---

No matter how much effort is put into budget preparation, changes that occur over the course of the fiscal year will impact what is actually expended compared to the original amount budgeted. For example, unanticipated position vacancies result in salary savings and certain variable costs are based upon projected usage.

In an attempt to compensate for historical expenditure patterns, the budget includes an adjustment for historic budget to actual results. The specific adjustment for each of the operating funds is as follows:

General Fund	3.0%	\$ (2,888,000)
Streets Fund	2.0%	\$ (244,000)
Water Fund	2.0%	\$ (538,000)
Wastewater Fund	2.0%	\$ (393,000)
Solid Waste Residential Fund	2.0%	\$ (264,000)
Solid Waste Commercial Fund	2.0%	\$ (37,000)

Staff will be monitoring budget to actual performance on a regular basis throughout the course of the fiscal year, including reviewing alternatives and recommending adjustments to maintain operations within the adopted expenditures.

## **Employee Compensation and Benefit Expenses**

---

There are several documents that establish and define the compensation and benefits for employees of the Town of Gilbert, including; Personnel Rules, Summary Benefit Description – Health Insurance, Pay Plan, and Memorandum of Understandings (MOUs) with represented employee groups. Each of the above documents is described as follows:

*Personnel Rules* – Serves as the basis for most of the benefits received by employees. The document has undergone a thorough review over the last few months, and employees throughout the Town provided input. The Preliminary Budget reflects related employee benefit expenses consistent with the Personnel Rules. None of the updates are anticipated to result in additional budgetary impact.

*Summary Benefit Description, Health Insurance* – Establishes the limits of medical coverage for employees and their dependants. The benefit period runs from 7/1 to 6/30 and includes a rate (contribution) design that was approved by Council in April of 2010. The Health Trust Board recently recommended no increase in cost for medical, and a slight decrease in the cost for dental benefits beginning 7/1/2011.

*Pay Plan* – Serves as the structure and basis for employee monetary compensation, establishing minimums, maximums, and increments (steps) through the pay range. Due to budgetary constraints the current Pay Plan will remain unchanged and employee compensation will be frozen at the current rates for FY2011-12. Merit increases were last allowed in the fiscal year beginning July 1, 2007, and a Cost Of Living Adjustment of 2% was last given on July 1, 2008.

*Memorandum of Understanding* – These documents impact all employees eligible to be covered by an employee organization. To the extent there is a provision or benefit included within the MOU, it supersedes what is included within the Personnel Rules. MOUs for each employee organization were approved by Council at the May 19 meeting.

### **FINANCIAL IMPACT**

Gilbert is required to develop and adopt, utilizing a public process, an annual financial plan.

Balanced Financial Plan: The proposed FY2011-12 Final Budget is balanced, based upon identified revenues and expenditures.

Constitutional Expenditure Limit: The proposed FY2011-12 Final Budget reflects expenses that will be under the constitutional expenditure limitation. Staff regularly monitors conformity with the constitutional expenditure requirements and will recommend, if necessary, continuing adjustments and modifications necessary to comply with expenditure limitation requirements.

State Shared Revenues: The proposed FY2011-12 Final Budget reflects State Shared Revenues based upon historic distribution formulas, taking into account currently projected State sales and income tax collections (provided by the Arizona League of Cities and Towns), which reflect the state's budgeted reduction in HURF distributions.

Secondary Property Tax Rate: Total revenues included in the Final Budget reflect maintenance of the current secondary property tax rate of \$1.15 per \$100 of secondary assessed valuation.

Utility Rate Modifications: The proposed FY2011-12 Final Budget reflects revenues projected from Gilbert's current water, wastewater, and reclaimed water rates. No rate increases are recommended for this fiscal year.

Capital Project Financing – System Development Fees: The proposed FY2011-12 Final Budget reflects revenues projected from the continued collection of System Development Fees as allowed under current State Law. Staff is continuing to work with legal counsel and the League of Arizona Cities and Towns to fully understand and incorporate the implications of the recently passed Senate Bill 1525.

**STAFF RECOMMENDATION**

**MOTION TO ADOPT THE FINAL BUDGET OF \$613,291,580 FOR THE JULY 1, 2011 TO JUNE 30, 2012 FISCAL YEAR**

Respectfully submitted,

Dawn M. Irvine  
Budget Administrator
